CAMPAIGN FOR FULL PROTECTION OF MARINE WILDLIFE in SKOMER MARINE NATURE RESERVE

I believe that the Skomer MNR must be designated as a HIGHLY PROTECTED MARINE RESERVE, permanently protecting it from all extractive uses including fishing, and where only scientific research and non-destructive recreational activities are permitted.

MCS would like to be able to contact you about projects, campaigns and appeals. If you'd like to receive such information please tick the box on the right. Your details will not be passed on to any third parties.
